Special Event Description

This summers' special event will be an all Austrian affair and in celebration of Flux Motorsport officially re-launching our live racing services on both Gran Turismo 7 & Project Cars 2, we're doubling down on our prizes crowning a champion in both game formats!

For this summers special event challenge, we're heading to the picturesque setting of Styria, Austria – tearing through the high paced Redbull Ring GP circuit in Austria's very own 300bhp, 2.0l 4-cylinder Turbo KTM Xbow R. You can expect door to door racing around every one of the circuits 10 corners, where mistakes will cost and margins will be tight.

Who will come out on top in the old (ProjectCars2) and the new (Gran Turismo 7), and which game will allow for the quickest lap time around this epically popular circuit!

Each game will have a maximum of 28 entries spread over 2 qualification heats, with the top 7 drivers of each heat earning a spot in their associated finals. Weather for all of the races will be set to beautiful summer sun, allowing drivers to maximise their car's performance accordingly.

The Finals for each of the games will be broadcast and commented and will be running back to back so be sure to put on your game face and bring your A-Game as FluxTV launches for our upcoming season!

Special Event Setup

Car:	KTM XBow R
At:	Redbull Ring, Austria
Format:	Qualification Heat to Final Event

Entry Conditions

Flux Motorsport Drivers holding a valid race licence and sign-up using the following:

Entry Method:	Fastest Entry First
Max Permitted:	2x 28 Entries for each GranTur7 & PCars2 (54 Total)

Drivers will only be permitted to 1 heat entry. Entry to a qualification heat will close 24hours before the Heat 1 time. Once entry has closed or if a driver is unable to make their chosen qualification event they will not be able to transfer to the other.

Race Conditions

Stewards Inquiry Process

Due to the shortened nature of the events, stewards inquiries should be submitted no later than 24hours after the corresponding events **start** time. Time Penalties and subsequent Race Licence penalties shall operate as per regular Flux Motorsport rules.

Prize Details

The winner of the event will be eligible to a customised item of Flux Motorsport merchandise in the form of a T-Shirt. A member of the Flux Motorsport team shall contact the winner once the competition victory has been verified pending any stewards inquiries.

Details confirming the items purchase and dispatch shall be communicated when available.

Prize Conditions

- The Winning Driver from each of the Finals will need to provide their postage address and any appropriate allergy information, or clothing sizes.
- Prizes will be ordered within 28 days of announcement of the winner (subject to covid-19 logistics restrictions).
- Prizes are non-refundable and are not transferable for a cash alternative.
